Helena, Montana 59620-1202

Dear Marcella:

Attached is a cultural resource survey report on 120 acres of property the Department of Fish, Wildlife and Parks is considering for disposal as surplus. Based on the negative results of this survey, we believe that there is a low likelihood that disposal of this property will affect cultural resources.

Please provide us with your comments.

Sincerely,

A handwritten signature in cursive script, appearing to read "Paul Valle".
